Dear Brother Florist:

It is time again to think about ordering your Bulbs and Plants for this season.

Our Bulbs are the best money can buy, and our Plants have made a wonderful growth this season due to plenty of moisture during the Spring season.

TULIPS — Slightly higher in price — quality is extra good.

CROCUS — Very scarce; advise to order early to avoid disappointment at the end of the season.

HYACINTHS — Much higher in price; short crop expected.

It always pays to place orders early and specify date for shipping so we can reserve the stock for you. Each season we have to turn down hundreds of orders for many varieties of Bulbs

Kalamazoo, Mich., September, 1951.

and Plants, as orders arrive too late and stock is sold out or booked for previous orders.

Place your order as soon as you can, and we will ship them when needed.

OUR TERMS are always Cash or C. O. D.

We do not charge for packing or boxes.

ON PARCEL POST orders, be sure to mail enough postage. If overpaid we refund same day shipment is forwarded. Too many customers mail 25 cents for postage for 1,000 Plants which sometimes runs over \$1.00 . . . and many people just forget to remit us the postage due us. Yours for the

Best Bulbs and Plants in the Country.
